

# HUEQ Series Inverter Split AC 18,000 BTU, Energy Saving, (1.5 Ton) 3 Star

## FD18B3BN

### Specifications

|                              |           |                  |           |
|------------------------------|-----------|------------------|-----------|
| Capacity                     | 18000 BTU | Power Supply     | 230V/50HZ |
| Variant                      | Inverter  | Heating Capacity | None      |
| Cooling Capacity( Full Load) | 5150 W    | Current Input    | 7.4 AC    |
| Cooling Capacity( Half Load) | 2575 W    | Max. current     | 11.4 AC   |
| Heating Capacity             | None      | ISEER            | 3.8 W/W   |

### Features

|                          |                |                        |     |
|--------------------------|----------------|------------------------|-----|
| Indoor Unit Display Type | Hidden Display | Express Cool 52 Degree | Yes |
| Airflow Control Type     | Yes            | Wi-fi                  | No  |
| Remote Control           | Yes            | Silver Ion Filter      | NO  |
| Self Cleaning            | No             | Dust Filter            | Yes |

### Indoor Unit

|                 |                 |                    |               |
|-----------------|-----------------|--------------------|---------------|
| Panel Colour    | White           | Dimensions (L*W*H) | 900x220x291mm |
| Indoor air flow | 820/720/620/520 | Net Weight         | 8.5 Kg        |
| Fan Speed       | 1320 RPM        | Gross Weight       | 9.8 Kg        |
| Noise Level     | <44 dBA         |                    |               |

### Outdoor Unit

|                  |             |                              |               |
|------------------|-------------|------------------------------|---------------|
| Condenser Type   | Hydrophilic | Charge                       | 0.63 Kg       |
| Compressor       | Highly/GMCC | Dimensions (L*W*H)           | 780x540x256mm |
| Compressor Type  | Rotary      | Net Weight                   | 29 Kg         |
| Motor speed      | 880 RPM     | Gross Weight                 | 33 Kg         |
| Noise Level      | < 54 dBA    | Max. refrigerant pipe length | 12 Meter      |
| Refrigerant Type | R32         |                              |               |
